Okaloosa County Launches Community Survey on Housing Issues

(Okaloosa County, Florida) – Okaloosa County is seeking public input via a community survey to assist in the development of an Attainable Workforce Housing Strategy. The questions in this survey will help local leaders to better understand public opinions about housing affordability, needs, and types of development.

“Hearing from our residents is a critical component of our planning efforts to address affordable housing in Okaloosa County.” said Okaloosa County Board Chairman Trey Goodwin. “We want to address housing needs for all of our residents, including working families, by enhancing our housing inventory and identifying additional strategies that address this issue.”

Okaloosa County is utilizing consulting firm TPMA for survey development and analysis. No personal or other identifying information will be provided to city or county departments, staff, or elected officials. All information collected in this survey will be reported only in the aggregate and will be fully anonymized.

The Community Survey will be available to the public from August 9 through September 4, 2023. To take the survey, visit <https://www.surveylegend.com/s/52wj>.

For more information on this initiative you may reach out to the Okaloosa County Public Information Officer at OCPIO@MyOkaloosa.com
