WANDER INTO THE WILD

Okaloosa County's landscape is home to one of the most biodiverse areas in the country. From nesting shorebirds and marine life, to a variety of rare north Florida plant species, Okaloosa County is known for its calm beauty while also showcasing the wild elements that capture the wonder of those who live and visit here.

We would like to encourage you to wander into the wild of Okaloosa County and expand your world outside of your home, car and the urge to scroll on your phone. As you wander, take your time and pause to experience moments provided to you by Okaloosa County's natural environment.

You will find robust and diverse opportunities to explore throughout the County with the streams and wooded areas of north Okaloosa County and pristine beach areas around the Choctawhatchee Bay and Gulf of Mexico that many species call home.

Just as people flock to Northwest Florida for its beaches, you will also discover the dozens of bird species that congregate during the migratory season near Okaloosa's waterways.

This calendar seeks to inspire your urge to go outside and wander through Okaloosa County's impressive natural habitats.
