

ADDENDUM 1

RFQ AP 43-19

Aviation Engineering Construction Phase Services to Expand the West Apron at the Destin-Fort Walton Beach Airport (VPS)

Date of Issue: March 28, 2019

Quote Submittal Deadline: The Bid Date and submission time has NOT CHANGED

This addendum will address the following question.

1. Will there be any PBB or fixed ground support equipment and/or aircraft parking/planning involved with this particular West Apron expansion?
 - a. No. There are no passenger boarding bridges (PBB) associated with the project for the west apron or satellite concourse. There is also no fixed ground support equipment (GSE) planned either. We foresee mostly the need for mobile GSE to support operations.
